

Welcome to Max The Real Sound

New Max Sounds provides quality PA systems for a variety of applications including conference, public address, background music, DJs and live entertainment. From a small vocal PA system for a private party to a full concert PA system. We have listed our most popular PA systems but will specify equipment according to your requirements. Our PA systems can be supplied on an equipment only "Dry Hire" basis but we also offer a full service including transportation, set up and operation by our experienced and helpful crew.

Complete listings of our PA systems and pro audio equipment hire stock can be found at the following links or from the main menu:

Live music & concert PA systems & public address systems & stage mixing desks and amplifiers
